

Career Objective: AI-focused developer with a strong foundation in Python and backend systems, currently building LLM-powered applications, AI agents, and workflow automation systems. Interested in designing autonomous AI systems that solve real-world business problems.

Academic Record:

Professional Qualification:

- Pursuing B.Tech. from AITR, Indore affiliated to RGPV Bhopal with specialization in CSE(AI & ML). (2023-27)
(Average-7.11 CGPA)

Educational Qualifications:

- Secondary School Certificate from Mount Litera Zee School (CBSE) with 80.80% in 2020.
- Higher Secondary Certificate from Mount Litera Zee School (CBSE) with 72.6% in 2022.

Technical Skills:

- Languages:** Python, C++
- AI & Data:** NumPy, Pandas, Matplotlib, Machine Learning
- AI Systems:** Prompt Engineering, LLM APIs (OpenAI/Claude - basic), AI Agents (basic)
- Backend:** REST APIs, Database Design
- Tools:** Git, Postman

Project:

Trippinnl – AI-Powered Data Cleaning System

- Building an intelligent system to automate **data validation, cleaning, and anomaly detection**
- Designed pipeline: **Raw Data → Validation → Cleaning → Feature Structuring**
- Focused on **structured datasets (healthcare/EHR-ready architecture)**
- Aiming to integrate **ML + LLM hybrid system for adaptive cleaning**

AI Code Reviewer Agent (Mini AI Project)

- Built a mini AI agent that reviews code using LLMs and provides **feedback on quality, bugs, and improvements**
- Implemented prompt pipelines for structured analysis (readability, logic, optimization)
- Designed output system for actionable developer feedback

AcroIn – Skill-Based Networking Platform

- Developed backend system for connecting students, faculty, and opportunities
- Built scalable APIs for profile management and search filters
- Designed structured data model for skills, projects, and internships
- Future Scope:** AI-based recommendation system for skill matching

Co-curricular Activities:

- Participated in Hackathons.
- Attended Tech Meetups.

Rewards & Accolades:

- Won \$500 at Yellow BizThon with team.
- Successfully completed multiple backend mini-projects during college.

Certifications:

- Participation in Techathon as a Researcher.
- Participation in Yellow BizThon as a Frontend Developer.

Strengths : Team Collaboration, Discipline

Hobbies : Strength Training, Powerlifting

Areas of Interest : Geopolitics, Startups
